1.	Event Date	30 November 2016
2.	Type of information or Material Fact	Groundbreaking ceremony for the construction of an integrated warehouse facility by and between PT Sentral Grain Terminal & PT Krakatau Bandar Samudera
3.	Details of information or material facts	<p>- Parties involved in conducting the groundbreaking ceremony:</p> <ul style="list-style-type: none"> • PT Sentral Grain Terminal ("SGT"), being a company whose line of business involves logistic services and the distribution of dry bulk cargo i.e agricultural products in the form of food and feed raw materials. <p>SGT is an indirectly owned subsidiary of PT FKS Multi Agro Tbk, which effectively holds a 93.51% controlling stake in its subsidiary.</p> <ul style="list-style-type: none"> • PT Krakatau Bandar Samudera ("KBS"), being a company whose line of business involves port services, having the requisite license to conduct vessel loading and unloading activities, provide other services related to cargo handling & discharging operations at Port of Cigading located in Cilegon, Banten. <p>KBS is a subsidiary of PT Krakatau Steel (Persero) Tbk, which holds a 99.99% controlling stake in its subsidiary.</p> <p>- Groundbreaking ceremony was conducted in relation towards the proposed construction and operation of an integrated warehouse system to attain a fast, uninterrupted discharge of bulk vessel cargo arriving at Port of Cigading.</p> <p>- The integrated warehouse facility will encompass an area of about ± 11,7 Ha. The said facility will consist of modern material handling system, comprising of ship unloader, conveyer, transit storage facility in flat warehouse and in silos with minimum storage capacity of 270,000 tons, automated loading to truck, loading bay/feeding and automated weighing facility.</p>
4.	Impact & or effect on:	
	- Operational activity	Beneficial: The absence of waiting time at port, much quicker discharge of vessels along with modern cargo handling system will result in

		attaining sustainable logistic efficiencies by way of lower shipping & handling costs.
	- Legal issues	Normal
	- Financial condition	Improved profitability: - At the onset, will require capital expenditure. The overall investment in relation to this project is estimated to be about USD 40 million. - The forecasted internal rate of return (IRR) is 20%.
	- Business prospects	On a stronger footing: Will help ensure sustained growth for the distribution of feed and food products.
5.	Other aspects	SGT already has a dry bulk storage facility (flat warehouse) in the same complex which has been in operation since 2000. The ground breaking ceremony aims to accomplish SGT's expansion program.

The submission of this letter is in relation to and for compliance towards the disclosure of information as stipulated in rules & regulations issued by Financial Services Authority (OJK), vide circular No. 31/POJK.04/2015 regarding the disclosure of information or factual matter to be made by the issuer or publicly listed company.

Sincerely,

Anand Kishore Bapat
